## **NEW SITE IDENTIFICATION**

3. Describe the conditions that indicate a possible inactive or unreported waste site. Include location and description of suspicious condition, amount or extent of condition and date observed. A location map and/or diagram identifying the site against controlled survey points or global positioning system descriptors shall be included to help with the site visit. Include any known common names or location descriptors for the waste site.  An unknown test apparatus is located adjacent to West Portland Ave., 200yds west of CFA. During the July1999 site visit, the apparatus consisted of a square wooden structure stoking 8 inches out of the ground. Next to the wooden structure was a metal cabinet and a solar panel. Currently there is no electronics equipment in the metal cabinet and one of the visible wires appear to be connected. The GPS coordinates of the site are N68325.67 by E28993.94. The reference number for this site is 050 and can be found on the summary map as provided.  Part B − To Be Completed By Contractor WAG Manager  Recommendation:  This site meets the requirements for an inactive waste site, requires investigation, and should be included in the INEEL FFA/CO. Action Plan. Proposed Operable Unit assignment is recommended to be included in the FFA/CO. WAG:  This site DOES NOT meet the requirements for an inactive waste site, DOES NOT require investigation and SHOULD NOT be included in the INEEL FFA/CO Action Plan.  Basis for the recommendation:  The conditions that exist at this site indicate the potential for an inactive waste site according to Section 2 of MCP-3448 Reporting or Disturbance of Suspected Inactive Waste Sites.						
2. Site Title: D46, Test Apparatus West of CFA 3. Describe the conditions that indicate a possible inactive or unreported waste site. Include location and description of suspicious condition, amount or extent of condition and date observed. A location map and/or diagram identifying the site against controlled survey points or global positioning system descriptors shall be included to help with the site visit. Include any known common names or location descriptors for the waste site.  An unknown test apparatus is located adjacent to West Portland Ave., 200yds west of CFA. During the July 1999 site visit, the apparatus consisted of a square wooden structure sticking 8 inches out of the ground. Next to the wooden structure was in one electronics equipment in the metal cabinet and none of the visible wires appear to be connected. The GPS coordinates of the site are N883325.67 by E28939.04. The reference number for this site is 050 and case to found on the summary map as provided.  Part B - To Be Completed By Contractor WAG Manager  Recommendation:  This site meets the requirements for an inactive waste site, requires investigation, and should be included in the INEEL FFA/CO Action Plan. Proposed Operable Unit assignment is recommended to be included in the FFA/CO. WAG: 10  This site DOES NOT meet the requirements for an inactive waste site, DOES NOT require investigation and SHOULD NOT be included in the INEEL FFA/CO Action Plan.  Basis for the recommendation:  The conditions that exist at this site indicate the potential for an inactive waste site according to Section 2 of MCP-3448 Reporting or Disturbance of Suspected Inactive Waste Sites.	Pai	t A – To Be Completed By Observer				
2. Site Title: 046, Test Apparatus West of CFA 3. Describe the conditions that indicate a possible inactive or unreported waste site. Include location and description of suspicious condition, amount or extent of condition and date observed. A location map and/or diagram identifying the site against controlled survey points or global positioning system descriptors shall be included to help with the elle visit. Include any known common names or focation descriptions for the waste site.  An unknown test apparatus is located adjacent to West Portland Ave., 200yds west of CFA. During the July1999 site visit, the apparatus consisted of a square wooden structure stocking 8 inches out of the ground. Next to the wooden structure was a metal cabinet and a solar penal. Currently there is no electronics equipment in the metal cabinat and more of the visible wires appear to be connected. The GPS coordinates of the site are N863925.67 by £28939.04. The reference number for this site is 050 and care to found on the summary map as provided.  Part B - To Be Completed By Contractor WAG Manager  4. Recommendation:    This site meets the requirements for an inactive waste site, requires investigation, and should be included in the INEEL FFA/CO Action Plan. Proposed Operable Unit: assignment is recommended to be included in the FFA/CO. WAG: 10	1.	Person Initiating Report: Jacob Harris	Phone: 526-1877			
3. Describe the conditions that indicate a possible inactive or unreported weste site. Include location and description of suspicious condition, amount or extent of condition and date observed. A location map and/or diagram identifying the site against controlled survey points or global positioning system descriptors shall be included to help with the elle visit. Include any known common names or focation descriptors for the weals site.  An unknown test apparatus is located adjacent to West Portland Ave., 200yds west of CFA. During the July1999 site visit, the apparatus consisted of a square wooden structure sticking 8 inches out of the ground. Next in the wooden structure was a metal cabinet and a solar panel. Currently there is no electronics equipment in the metal cabinet and rone of the visible wires appear to be connected. The GPS coordinates of the site are N85325.67 by £28939.04. The reference number for this site is 050 and care to found on the summary map as provided.  Part B − To Be Completed By Contractor WAG Manager  4. Recommendation:  ★ This site meets the requirements for an inactive waste site, requires investigation, and should be included in the INEEL FFA/CO. Action Plan. Proposed Operable Unit assignment is recommended to be included in the FFA/CO. WAG:  10 Ceptable Unit: 10−08  ★ This site DOES NOT meet the requirements for an inactive waste site, DOES NOT require investigation and SHOULD NOT be included in the INEEL FFA/CO Action Plan.  5. Basis for the recommendation:  The conditions that exist at this site indicate the potential for an inactive waste site according to Section 2 of MCP-3448 Reporting or Disturbance of Suspected inactive Waste Sites.		Contractor WAG Manager: Douglas Burns	Phone: 526-4324			
condition, amount or extent of condition and date observed.
